

Accreditation Oversight Committee
Fall 2005 Mid Year Report

The Accreditation Oversight Committee has had some very productive discussions during the Fall 2005 semester. Out of these discussions the following projects have been completed:

- Elected a Chairperson and Recorder for the AY 2005-06
- Submitted AOC Charter to the FSEC
- Developed Information Flow Chart for the AOC
- Developed Annual/Program Review Information Flow Chart (this flowchart was subsequently approved by the Planning Council)
- Developed Form for HCC constituents making Committee requests to the AOC
- Discussed and Recommended Information Integrity Policy to the FSEC
- Discussed the development of a HCC Governance Flow Chart

We hope to finish the development of the HCC Governance Flow Chart by the end of the Spring 2006 Term, and will act on actions that are brought forth to the Committee.
