Submitted by: LeiLani Hinds, Chair

The Faculty Exchange and Sabbatical Leave Committee has the following to report to this date:

In Fall 2007 we met twice. The first time we were convened by Scott Murakami, the Chancellor's representative, who gave us the Administration's perspective on the recommendation process, we chose a chair, and we set a meeting date to consider two sabbatical leave applications. At the second meeting we discussed and made recommendations for two sabbatical leave applications.

In Spring 2008 we met twice. The first time we were convened by Chancellor Ramsey Pedersen, who gave us the Administration's perspective on the recommendation process, we discussed and approved changes to language in the Committee Charter, we considered three sabbatical leave applications, and we made recommendations for two of the applications. At a second meeting we discussed and made recommendations for the third sabbatical leave application.
