

WORKPLACE EMERGENCIES: DO YOU KNOW THE ANSWERS?

	I know the answer. (2 points)	I am not sure. (1 point)	I do not know. (0 point)
1. Name two emergency situations that happened at HCC during the last 12 months.			
2. Where is the nearest emergency exit route from your work area? After evacuation, what must you do?			
3. On the first day of class, what information should an instructor provide to students regarding HCC's emergency procedures?			
4. If the building alarm sounds while teaching, what must an instructor do?			
5. What are the Safety Liaisons' responsibilities regarding emergency preparedness?			
6. If an HCC employee witnesses a life-threatening medical emergency, what should he/she do?			
7. What are potential causes of emergencies in your work area?			
8. What must you do to prevent potential emergencies in your work area?			
9. What should be included in your <u>personal</u> emergency kit at work?			
10. What should be included in students' safety training?
