

Minutes of Accreditation Oversight Committee
October 19, 2007

Jan Lubin described the STAR system and the advantages that will give the student and the ability to provide assessment data. The goal is to help the student determine if his/her career path is on track.

A faculty and staff survey was conducted and a student survey will be ready for the Spring semester.

Jerry stated that Erika Lacro (VCAA) will take action on Recommendation #5.

Jerry provided the committee and the administration with a definition of “congeniality” to assist the administration in meeting Recommendation #1.

Jerry mentioned the workshops that will be provided for transitioning from WEB CT to Sakai.

Jim mentioned that he has attended the recent two DE meetings of the Ad Hoc DE committee. Jan Peterson is chair and has formed two groups to determine assessment and priorities.

Jim stated that he is a member of the Achieving the Dream committee headed by Jan Peterson. This is an initiative that is data driven program to determine and improve the access and persistence of the underserved population (e.g. native Hawaiians) The program will provide more data to improve our overall assessment of the College.
