

University College Division Curriculum Committee
2007-2008 Academic Year
Minutes for the Meeting of October 1, 2007

Present: Ralph Kam, Reg Wood, Kerry Tanimoto, David Wong, Dolores Donovan, Steve Mandraccia, Greg Witteman, Maggie Templeton, Gary James

Not Present: Marcia Roberts-Deutsch

The meeting came to order at 2:35 pm.

1. The minutes of the previous meeting (September 6) were circulated. Reg moved they be accepted. Dolores seconded. Unanimous agreement.
2. It was announced that Cory Takemoto will be attending future meetings as a representative of the College Skills Center.
3. The committee then considered a course proposal for Math 111. Maggie explained that the course is an elective appropriate for Education majors transferring to Manoa. It was agreed that the DCC would approve the course for now to ensure that it be on the books for Fall 2008. The proposal will be sent to the CPC for whatever further modifications are needed in addition to the General Education Board. Maggie will follow up with Marcia about the articulation process with Manoa.

Dolores moved the course be approved. Greg seconded. Unanimous agreement.
4. A discussion ensued about experimental courses in the schedule. It was announced that there will be at least five different ones in the spring.

There being no further business, the meeting adjourned at 3:00 pm.

Respectfully submitted,
Gary James
DCC recorder
