Guide to InfoTrac – General OneFile

General OneFile is a multi-subject database for news and articles on a wide range of topics: business, computers, current events, economics, education, environmental issues, health care, hobbies, humanities, law, literature and art, politics, science, social science, sports, technology, and many general interest topics. It contains millions of full-text articles, many with images. Coverage: 1980 – present.

Accessing General OneFile

- Start at the library’s homepage - http://honolulu.hawaii.edu/library/
- Under Research Tools, click the Find Articles link.
- Click on InfoTrac and Proceed
  [For off-campus access, you will be prompted to login with your UH ID number and last name.]
- Click on the General OneFile link from the list of available databases.

Subject Browse Search

Enter your subject term: Global Warming

Click GO to run the search

Notice the number of articles available from the search. You may choose to review the Related Subjects or click on the "+" icon to the left of the subject term to open a listing of subdivisions for the topic.

Click on a subdivision topic to review the articles.

...Global Warming …

...Environmental Aspects
Tabs allow you to select articles from different formats: Magazines, Academic Journals, Newspapers…
