**GRADUATION**

* Related Instruction Hours-  Five (5) credits will be awarded for each 144-160 hour segment

** Work Process Hours-  seven (7) credits will be awarded for each 2000 hour segment

Students who have completed all the “work process hours” and “related instruction” necessary for journey worker status in their respective trade will receive up to 45 credits for this training. Students who have completed apprenticeship programs of less than four years in duration will need to take additional recommended courses to meet the minimum 60 credit requirement for this degree.

---
