

## **Honolulu Community College**

### **Student's Safety Responsibility**

All students must follow the general health and safety rules and specific safety rules applicable to their academic areas.

All HCC students shall:

- Follow the HCC health and safety rules and work according to standard shop/lab practices.
- Report hazardous conditions or unsafe work practices to the instructor.
- Use protective equipment, tools, and machinery as they are assigned.
- Report all accidents, injuries or exposures to hazardous substances to the instructor as soon as possible.
