

Assessment Townhall

Spring 2024

Chiara Logli, Ph.D.
Institutional Assessment Specialist
Honolulu Community College

Assessment cycle

“Sit together”

1. Reflection:

- What works?
- What needs to change?
- How do you know (method)?

2. Dialogue:

- Colleagues
- Students

3. Organic:

- Integral, reusable (not a burden)
- Rooted in Hawaii
- Supported by latest trends

Reflection

WHAT WORKED?

What are some key strategies that supported your participants or unit's mastery of the outcomes? **Please select strategies that align with “Goal 1 of Strategic Plan: To increase student success and completion.”**

WHAT NEEDS TO CHANGE?

What are the changes that you'll implement in the future to better support your participants or unit's mastery of the outcomes? **Please select changes that align with “Goal 1 of Strategic Plan: To increase student success and completion.”**

Strategic Plan & Assessment

Goal 1

To increase student success and completion

2023-2024

Goal 2

To increase career readiness

2024-2025

Goal 3

To become Native Hawaiian-centered institution

2025-2026

Goal 4

To support a healthy and striving campus community

2026-2027

Examples: Courses

- **What worked?** I allowed the students unlimited re-takes of the assignment during the week until they reached their highest score (retakes with different numbers to calculate).
- **What needs to change?** I'm going to re-design homework assignments for the last two chapters – some were too challenging for this academic level.

Examples: Services

- **What worked?** The new online parking application system allows students (and faculty/staff) to purchase their pass at their convenience and to receive it at home.
- **What needs to change?** Students need to know that overdue parking payments block their new parking applications. We need to make the verbiage bold and contact students to pay off their balance.

Tips

1. **Avoid “All met”** results (outcome and/or method is off)
2. **Minimize N/A** and explain the rationale
3. **Match**: Numbers and text need to make sense together
4. **Keep a record** of your answers in your computer
5. **Focus on what you can do** – –leave what is not under our control
6. **Make students/participants the subjects** of your writing
7. **Double-check**: Are you writing about how to improve learning/service to students?

Dialogue

DIALOGUE ABOUT OUTCOMES

TO IMPROVE COURSES, PROGRAMS SERVICES

PEERS DISCUSS:

- Assessment findings
- Changes that have been made as a result of the findings

-
- Program review
 - Curriculum changes
 - Budget requests
 - Personal dossiers

SCORECARDS
