

**STAR** is a tool to assist students in their current degree requirements and accessing their academic record

**ACADEMIC ESSENTIALS**

“Click” here to view your degree requirements and how you’re progressing toward your degree. Ex: Courses not completed yet; GPA; completed course grades; etc.

**Step 1** Log into MyUH at “[myuh.hawaii.edu](http://myuh.hawaii.edu).”

**Step 2** Click on “STAR GPS Registration” and Sign In (With Username and Password)

**Step 3** Congrats! You’re now on STAR (Click on the Academic Essentials tab). View top right of the screen to be sure you’re on your most current semester. If not, [click here](#) to select your most current semester.

**GPS REGISTRATION**

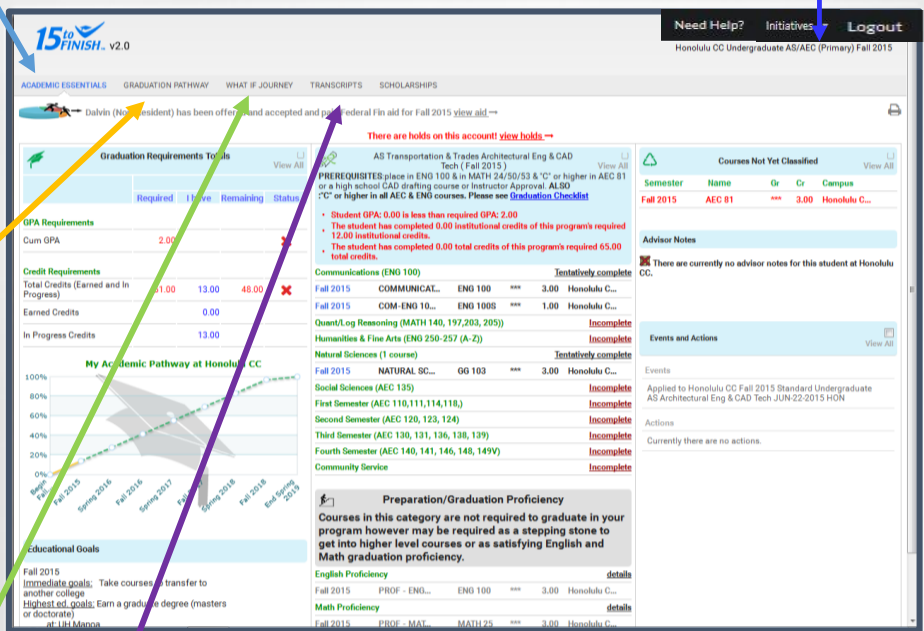

“Click” on this tab and it will create your own personal, semester-by-semester pathway to graduation. (View back of sheet for more info and instruction.)

**WHAT IF JOURNEY**

“Click” here to see how your current academic record satisfies course requirements for another degree in the University of Hawai’i system. You can also explore as many program tracks as you like! Don’t forget to click back on “Graduation Pathway” to see a suggested semester-by-semester pathway to graduation.

**TRANSCRIPTS**

Will display your academic record by semester, grades, GPA, and transfer courses. Report cards are not mailed to you. Check transcripts at the end of the semester for your grades.

**\*NOTE: STAR is a tool to assist you in planning, however you should always consult with your Academic Counselor.**

# Why should I use Graduation Pathway System (GPS)?

GPS will automatically create your own personal semester by semester pathway to Graduation.

If you go off-track, your GPS will merely "recalculate" letting you know your new optimal path to graduation...just like a GPS in a car when you miss an exit.

You can drag and drop courses into other semesters; if you make any changes to your academic plan, make sure to consult with your Academic Counselor.

Recalculating...

The screenshot shows the GPS web application interface for a student named Jane Doe. The interface includes a top navigation bar with 'Student Search', 'Need Help?', and 'Logout'. Below this is a 'View holds' section with a 'Register - Add/Drop Classes' button. The main area displays a semester-by-semester course plan for 2017-2018, 2018-2019, and 2019-2020. A right-hand sidebar contains a 'Pathway Narrative' section and a 'Sanbox' for dropping requirements. A 'Semester Notes' box is also visible. Numbered callouts 1 through 9 point to specific features: 1. Register - Add/Drop Classes button; 2. View holds section; 3. Add requirement dropdown menu; 4. Change credits preference dropdown; 5. Semester Notes box; 6. Recalculate button; 7. GPS Menu options (Print, View Changes, etc.); 8. Pathway Narrative section; 9. Academic Events section.

- 1 Register –Add/Drop classes and Select, click & drag classes (one at a time) to adjust your semester load.
- 2 View holds here; Current hold(s) on your record, may restrict you from using other services at University of Hawaii.
- 3 Add a requirement from this drop down screen
- 4 Adjust your credit load preference here.
- 5 Type-out reminders to yourself on things you need to do to stay on track for graduation.
- 6 If GPS class changes have been made, click here to complete your changes or see GPS suggestions
- 7 Menu for more GPS options
- 8 See your program prerequisites.
- 9 Check here as you may have received information from your counselor.

\* **NOTE:** (1) GPS calculates the major listed in "Academic Essentials" OR the major you select from "WHAT IF JOURNEY".  
 (2) Classes for future semesters (other than your current semester) are only TENTATIVE, **you ARE NOT registered for them.**
