CONSTRUCTION WORK NOTICE
Dillingham Boulevard (Between Middle Street and Kaaahi Street)
Monday, June 20, 2016 through Wednesday, August 31, 2016 from 7:00 a.m. to 5:00 p.m.
The Honolulu Authority for Rapid Transportation (HART) would like to notify area residents and businesses that we will be conducting additional investigative potholing work to locate underground utilities along Dillingham Boulevard between Middle Street to Kaaahi Street.

Work will take place weekdays, during normal working hours, from Monday, June 20, 2016 through Wednesday, August 31, 2016 between 7:00 a.m. to 5:00 p.m. Some night and/or weekend work may be scheduled on a limited, as needed basis, if required.

The investigative work includes the use of potholing machinery, trenching activity and ground repair for each test location. Work will be ongoing on both east bound and west bound lanes of Dillingham Boulevard during this time period. At least one lane in each direction will be open during scheduled work.

Scheduled lane closures will take place as required and may present limited traffic interruption. Special duty police officers may be on hand to assist with the flow of area traffic. Those who are within close proximity to the work zone may experience increased noise levels from machinery during work hours.

HART will send out additional notifications to businesses and residents situated along Dillingham Boulevard to advise them of the scheduled work that will take place near their specific location.

If you have any questions or comments, please call our 24-hour project hotline at (808) 566-2299 or email info@HonoluluTraffic.org. You can also visit the project website at www.HonoluluTransit.org.
