AUTobody REPAIR & PAINTING

www.honolulu.hawaii.edu/abrp
QUICK FACTS

BRIEF PROGRAM DESCRIPTION / GOALS:
The program curriculum incorporates the I-CAR Education Foundation and is based on the National Automotive Technicians Education Foundation (NATEF) entry level outcomes and the National Institute for Automotive Service Excellence (ASE) technician certification standards. Students completing the program will be prepared for employment in the Auto Body Repair and Painting industry as well as the many other business related fields. Classroom and laboratory work are offered in a modern and well-equipped facility.

DEGREES THAT CAN BE EARNED:
Certificate of Achievement (CA)

WHAT IS UNIQUE ABOUT THE PROGRAM:
• In Fall 2016, the program launched a new short-term, entry-level training curriculum to address a local and nation wide workforce shortage.
• Students will be able to complete the program within a year.
• The students final semester of study will be transitioning from the class to industry. They will participate in an internship at an Auto Body Repair and Painting business or industry related business.

ITEMIZED ESTIMATE OF EDUCATIONAL COSTS:
• Tuition based on total credits taken.
• Purchases of additional tools, textbooks, and mock up materials may be required each semester.
• Tool cost will be approximately $1,500–$2,000.

PROGRAM PREREQUISITES:
Check the College catalog or the program webpage for the most current program prerequisites.
