

The background of the slide is a photograph of a chalkboard. The chalkboard is filled with faint, light-colored chalk markings, including several large circles and lines that suggest a diagram or a flowchart. In the foreground, several pieces of white chalk are scattered on the wooden ledge of the chalkboard. The entire image has a light blue tint. The text is centered over the image.

Academic Counseling
Non Instructional Data
Utilization

FALL 2017 Clean Up!

- Protocol Changes in Utilization of Assessment Tool
 - Review of SAO's
 - Re-identification of activity to assess SAO's
 - Training Workshop to re-familiarize faculty with assessment tool.
 - Implementation of SOP's regarding use of assessment tool.
 - Identification and commitment to benchmark goal.
- Organization of Existing Data
 - File naming convention identified and implemented.
 - Utilization of google drive shared network folder to organize and store data.

Clean Data = Good Data = Useful Data

- Targeted Advising.
- Strategic communication & outreach to students, faculty, & staff.
- Trends on current student needs.
- Purposeful department planning.

What Worked Well...

- Committing to an assessment tool.
- Implementing a SOP.
- Having an overall goal and a benchmark goal.
- Re-grouping to review & discuss findings.

Next Steps...

- Mapping department SLO's / SAO's to Division SLO's /SAO's.
- Mapping department SLO's SAO's to Institution SLO's / SAO's

Whooohoooo Assessment!!!
