APTR - APPLIED TRADES

LIAISON:  James Niino (845-9245, jniino@hawaii.edu) Except PHNSY
          Guy Shibayama (845-9245, guys@hawaii.edu) Except PHNSY
          Jeannie Shaw (845-9492, 295-6893 jeanshaw@hawaii.edu) PHNSY
          Diane Caulfield (845-9413, dcaulfie@hawaii.edu) NAVFAC

PROGRAM MISSION: The Applied Trades (APTR) program's mission is to provide
students who are in state or federally approved apprenticeship programs an
opportunity to earn a Certificate of Achievement and/or Associate in Applied
Science (AAS) degree.

PROGRAM DESCRIPTION: Any person who has completed or is enrolled in a State of
Hawai’i or a Federally approved Apprenticeship Program or an approved Pearl
Harbor Naval Shipyard (PHNSY) Cooperative Education Training sequence is
eligible for admission to the Honolulu Community College Certificate of Achievement and Associate in
Applied Science degrees programs in Applied Trades.

PEARL HARBOR NAVAL SHIPYARD COOPERATIVE EDUCATION TRAINING:
The PHNSY-IMF Apprenticeship Training Program is administered through a contract between Honolulu
Community College and the Pearl Harbor Naval Shipyard – Intermediate Maintenance Facility (PHNSY
IMF). These guidelines are very specific and must be adhered to in order for the students to be eligible for
conversion to career conditional appointments (permanent positions).

The PHNSY Apprenticeship Program incorporates a Learning Community model in which the faculty and
Trade Theory instructors collaborate to achieve the Program Learning Outcomes (PLOs) listed below.
Cooperative Education enables students to apply classroom/lab experiences to actual work performance.

WEBSITE: www.honolulu.hawaii.edu/aptr

PROGRAM LEARNING OUTCOMES (PLOs): Upon successful completion of the APTR Apprentice Training Program,
students will be able to:

• Demonstrate communication skills (read critically, write effectively, speak with clarity, and
  listen actively).
• Use Mathematics (algebra, geometry and trigonometry) to solve work-related problems.
• Demonstrate positive work habits and ethical behavior.
• Demonstrate knowledge of Physics (fluids, mechanical, electrical and thermal).
• Demonstrate drafting and plan reading skills.
• Analyze and evaluate information: Identify factors, analyze implications, and solve problems.
• Use technology effectively (word processing, spreadsheets, software, and equipment).
• Apply knowledge and skills gained in the classroom to perform work duties on the waterfront.

The PHNSY Cooperative Education training sequence includes a minimum of 780 hours of approved PHNSY
Trade Theory and General Experience Training (26 credits), Cooperative Education - WORK 194V (10 credits),
a minimum of 750 hours of work experience, and 24 credits of general education and technical support
courses. PHNSY Trade Theory and General Experience Training are converted to credits upon completion
of certification (30 training hours = 1 credit). This curriculum qualifies participants for conversion to career-
conditional appointment (full-time permanent employment) and also satisfies the requirements of the
Honolulu Community College Associate in Applied Science Degree in Applied Trades.

*General Education Requirement - Social Science  3
WORK 194  Cooperative Education (Federal Work Cycle)  10-12

Minimum Credits Required  60-62

** General Education Requirements for the AAS degree are listed under DEGREES AND CERTIFICATES

**Cost of Textbooks/Supplies for PHNSY APTR Program:** General education texts average $25–$200 each. Supplies average $25-$180.

Advisor:
Jeannie Shaw - Education Coordinator Pearl Harbor Apprentice Program, Honolulu Community College

State of Hawai‘i and Federally Approved Apprenticeship Programs (Except PHNSY):
Persons who have completed all the “work process hours” and “related instruction” necessary for journey worker status in their respective trades will receive up to 45 credits for this training. These credits will apply toward the “Major courses” requirements of the Honolulu Community College Associate in Applied Science degree and Certificate of Achievement in Applied Trades. Credits will be granted for apprenticeship hours as follows:

Five (5) credits will be awarded for each 144–160 hour segment of related classroom instruction.

Seven (7) credits will be awarded for each 2000 hour segment of work process.

A minimum of 15 general education credits which are distributed among specific groups of courses including Communications, Quantitative and Logical Reasoning, and three other course clusters are also required.

Persons completing apprenticeship programs of less than four years in duration will need to take additional recommended courses to meet the minimum 60 credit requirement for this degree.
