Satisfactory Academic Progress Policy

Only classified students who are enrolled at HCC are eligible for financial aid. A combination of factors are reviewed to determine a student’s eligibility; including the evaluation of the student’s academic record.

The college is required to annually review each applicant’s progress toward a degree by reference to a time frame, courses taken, credits earned, and grades. The time frame is based on full-time status, as defined by the institution. The minimum cumulative grade-point average of 2.0 is required for eligibility and has been established in accordance with the institution’s requirements for satisfactory academic standing.

The policy stated below is applicable to all HCC students applying for any type of federal, state, or private financial aid resources administered and managed by HCC; including student loans from private lenders which are guaranteed or insured by the federal government. Exceptions to this policy may be appealed in writing to the Financial Aid Administrator.

1. Students must complete their degree program within 150% of the credits required for their degree program. EXAMPLE: An Associate in Arts degree requires 60 credits to graduate; therefore, the student must complete the degree program with a total of 90 credits (60 credits x 150% = 90 credits). All terms of attendance apply, whether financial aid was received or not.

2. Transfer credits accepted from another institution will be used to calculate the remaining credits required for completion of the degree or certificate.

3. Financial aid applicants must maintain a cumulative grade-point average of 2.0 for credits earned at HCC.

4. Financial aid applicants must complete at least 67% of all credits attempted for financial aid satisfactory academic progress. All terms of attendance apply; whether financial aid was received or not.

5. The following grades will be considered as credits enrolled but not successfully completed: “F”, “W”, “N”, “I/F”, and “NC”. An “I” will be calculated as no credit until it reverts to a letter grade and is posted to the student’s academic record. Please note that the student must submit a letter to the Financial Aid Office when a grade changes because the Financial Aid Office is not automatically informed of grade changes.

6. Audited classes and credit by exam are not eligible for financial aid and will not be counted towards credits attempted/completion. Remedial courses, if required, will be counted.

7. Students who have earned a degree at Honolulu CC and are seeking another degree program must submit a petition stating their reason to pursue another degree and an updated Satisfactory Academic Progress Form indicating which credits are applicable to the new degree. Approval of the subsequent degree program will be determined after reviewing the petition and Satisfactory Academic Progress Form. NOTE: Students who are seeking an AA degree who have already earned an AA, BA, or BS degree are not eligible for financial aid.

8. A complete explanation of the college’s satisfactory academic progress policy is available at the Financial Aid Office.
